

### A helpful hand from Strawberry for those on the move

We have been involved with lettings and sales for many years and in this time we have gained a great deal of experience in helping clients with the additional parts of the moving process which don't usually fall within the agent's remit.

Our own high standards mean that we expect only the best from those we work with and we will only recommend those whom we think are truly worthy. We don't operate on a commission or introduction basis and the contact you make is therefore entirely within your own control.

The following pages contain details of companies who can assist with:-

Financial advice

Conveyancing

Property surveys

Insurance

Decorating

Gardening

Plumbing

Gas works

Electrical works

Locks

Damp-proofing

Aerials

Drains

Double glazing

Carpet fitting

Carpet cleaning

Domestic appliances

Oven cleaning

Furniture restoring

Whilst this is a fairly comprehensive list of the services you may need before, during and after your move it is by no means exhaustive. If there is anything else you need (or even just need to know) then simply pick up the phone and we'll be happy to help – it's all part of the Strawberry *very helpful* service!
